SIGNED COOPERATION WITH SCHOOL OF MANAGEMENT OF UNIVERSITY OF CHINESE ACADEMY OF SCIENCES

The board of directors (the **“Board”**) of Fretech Road Recycling Technology (Holdings) Limited (the **“Company”**) is pleased to announce that in March 2015, the Company entered into a cooperation agreement (the **“Cooperation Agreement”**) with School of Management of University of Chinese Academy of Sciences (中國科學院大學管理學院) (**“Management School UCAS”**). Pursuant to the Cooperation Agreement, the Company and Management School UCAS will jointly establish the UCAS Fretech Ecological Science and Technology Research Centre (**“UCAS Fretech Centre”**). UCAS Fretech Centre will perform research into energy saving, environmental protection and cyclical economy in transportation and municipal construction areas, as well as incubate and develop new technology and products and provide application analysis on new technology and products.

In addition, Management School of UCAS will provide education support at the “Road Doctor Training Institute” set up by the Company, and assist the Company to educate management talents in the road maintenance industry.

Information of School of Management of University of Chinese Academy of Sciences

Management School of UCAS is a university institution of the University of Chinese Academy of Sciences, the highest-level scientific institution in the People’s Republic of China. Management School UCAS is one of the most prestigious business schools for educating senior management talents. It has a faculty team consisting of dozens of academicians from either Chinese Academy of Sciences, Chinese Academy of Engineering or both academy. In order to develop and improve a new talent, Management School UCAS has recruited MBA graduates since 1998, and recruited overseas and Hong Kong, Taiwan and Macau graduates since 2004. It has approximately 800 Ph. D. and masters graduates, including approximately 400 MBA graduates.

The Company believes that the Cooperation Agreement will have positive effect to our Company and its subsidiaries (the “**Group**”) in the research and development and application of new technology, products and techniques, and also notable improvement in fostering management talents. The Company believes that such cooperation could enhance the core competitiveness of the Group and potentially lead to more business opportunities for the Group in the future.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
